

**Available for all fabric & steel cord belts!**

**New low rolling resistant conveyor belt**

# ENERGYLITE™

**C O N V E Y O R   B E L T**

**Use less energy and save money!**

## Features & Benefits

- ▶ Less Power Consumption required, which leads to lower operating costs
- ▶ Lowers recommended belt specification, which leads to lower conveyor belt purchase cost
- ▶ Environmentally friendly
- ▶ May reduce number of motors required, which leads to capital equipment and operating cost savings
- ▶ Optimal for conveyor systems that are relatively flat or low incline and whose distance to center is more than 1,500 feet
- ▶ Retains excellent cover properties
